

General information - diets

We are pleased with the popularity of the Špik hotel restaurant. Here you can find some general information:

The menu is self-service based and features:

- A vegetable and a meat soup
- Cold starters (cheese, cold cuts, etc.)
- Salad from the buffet
- 2 main meat dishes and one main fish dish
- Garnishes (potatoes, pasta, legumes, etc.)
- Various desserts and ice cream

We hope to fully meet your expectations.

What to expect – our recommendations

GOURMET PAMPERING

The interior design is unfortunately not aimed at gourmet pampering. We recommend that guests looking for a slow food gourmet experience book an overnight stay with breakfast and have the rest of the meals at the à-la-carte restaurant in Gozd Martuljek or Kranjska Gora.

VEGETARIAN DISHES

The hotel kitchen is not specialized in vegetarian dishes. The restaurant daily offers non-meat dishes, but the selection is rather limited. We make sure that there are some vegetarian dishes on the regular menu.

VEGAN DISHES

Our restaurant is not specialized in vegetarian dishes. We recommend that guests book an overnight stay with breakfast and choose one of the restaurants in Gozd Martuljek or Kranjska Gora for lunch and dinner.

SPECIAL DIETS

We prepare meals for special dietary needs (intolerance to lactose/gluten/eggs) upon prior notice at the email: hotel.spik@hit.si. The selection however is smaller than the regular self-service buffet. We kindly ask our guests to provide a certificate for the special dietary requirements (medical certificate or membership card), as this tells us best what not to include in the food preparation. We shall not provide special dietary meals without a certificate.

Persons who have a special diet, have part of their meal provided in the self-service buffet (salads, fruit, etc.), whereas the rest is provided by a specialized food company, whereby the main dish/dessert is delivered so that there is no possibility of contamination.

Please make the personnel aware at every meal that you have a special diet, so that we can provide you the best possible service.
